Arthro-Elastina Tablets

WINNER PLUS Arthro-Elastina Tabs - Joint Fit is supporting the development, building and improving of muscles, tendons, ligaments and joints of your dog. It is an optimal nutritional supplement to support the development of your puppy, for active dogs, for pregnant and lactating bitches as well as dogs with dysplasia or with hip, knee, elbow or joint problems. Also applicable to arthritis, tendonitis and generally in tendinitis. The contained chondroitin sulfate is the most important glycosaminoglycan, which supports the development of articular cartilage and is responsible for healthy ligaments and bones. Also applicable at the beginning of arthrosis of the spine. Due to increased concentration of active ingredients it even more intense than Arthro-Elastina Powder.

Composition: Meat of the New Zealand Green Lipped Mussel (*Perna canaliculus*), dried and ground; milk and dairy products; natural enzymes; Sea algae, dried and ground; chickweed; minerals.

Analytical constituents: Crude protein 36%; crude fat 3%; raw fiber 0,20%; raw ash 7%. Rich in glycosaminoglycan (chondroitin sulfate), vitamin E and selenium.

Recommended Use: WINNER PLUS Arthro-Elastina Tabs can be offered together with the regular feed or can be fed pure.
